I am currently a Bachelor in computer science student and in my final (8th) semester in Asian College of Higher Studies, Kathmandu, Nepal. Throughout my study I have completed several computer science related projects and gained hands on experience. I have a great interest in pursuing a higher education in Computer Science and Information Technology or data science field.

EDUCATION

Bachelor Asian College of Higher Studies   2017-present
Major: Computer Science Information Technology
Kathmandu, Nepal

High School United Academy   2015-2017
Major: Computer, Physics, Math and Chemistry

Ilam, Nepal

COMPUTER SKILLS

Programming: HTML, CSS, JS, React JS, Bootstrap, Python, C, C++, .NET, Java

Applications: Photoshop, Figma, Jira

Platforms Windows, Linux, MacOS

PROFESSIONAL EXPERIENCE

QA Intern, AB Group Dev Pvt. Ltd. Lalitpur, Nepal   04/2022 - Present
- Working as a Quality Assurance (QA) Intern where a major responsibility is to check the quality of a website (both frontend and backend) and communicate with developers for a resolution.

SCHOOL PROJECTS

ED Warden, Tech Stack: Flutter, Dart, Firebase
- Developed an android app "ED Warden" (with chat feature) using Advanced Encryption Standard (AES) that encrypts and decrypts various types of files.

Get Your PC, Tech Stack: WordPress, Woo Commerce, Elementor
- Developed a web application "Get Your PC" which is an ecommerce site where user can find different computer products like PC, laptop, headphones, webcams, mic etc.

User can login and register in the website, add the items to the cart, and place the order.

OTHER PROJECTS

Case Converter, Tech Stack: React JS, CSS, Bootstrap
- As part of the independent project, developed a web application "Case Converter" using React JS and Bootstrap. The case converter cleans the text, can count frequencies of words, time to read and converts paragraph to upper/lower cases.

Our News, Tech Stack" React JS, Bootstrap, News API
- Developed a web application "Our News" which is a Single Page Application built with React JS, where you can find latest top news and you can filter the news according to your interest such as sports, business, entailment etc.

LANGUAGES

Nepali: Native Language
English: Intermediate
Hindi: Intermediate
